

INVEST

in a brighter tomorrow

JA Take Stock in Your Future is a signature Junior Achievement program that introduces students to basic investment concepts and how the stock market works, including the impact of current events.

After completing JA curriculum taught by volunteer mentors, high schools attend the **JA Stock Market Challenge**, an **action-packed competition** that gives student teams the opportunity to experience a simulated stock market first-hand!

2023 JA Stock Market Challenge

Anticipated 450+ students!

Wednesday, May 3, 2023

Hudson Valley Community College
McDonough Sports Complex
